

Daytona Beach/Holly Hill-Deployment #2-This Weekend!!

I've just received a phone call from the Volusia County organization that is handling work orders. They have stated that they have a back log of work to be done and have asked if we can bring in some teams to help them this weekend. We would go up on Friday evening and come back on Sunday evening. Join us for the whole weekend or only one day, whatever you can do.

We will be gutting homes and removing debris to the curb. There may also be some meal prep involved.

We have a place to stay with a kitchen and hot showers, all for free!! We will probably just need to provide our own food and water, but we can cook it at the church. I'm sure the church would welcome donations for staying there, but it isn't required.

Please contact me immediately if you can join in the fun!!
