

Haiti Earthquake 1

By now I'm sure you are aware of the major earthquake that has hit Haiti just before sunset today. It appears that most of the communications are down so the news reports are very sketchy. We've tried to contact missionary friends there, to no avail.

All we know is it was a 7.0 and a lot of damage and the "experts" are predicting widespread damage and casualties.

I'm sure you are praying for them already, please continue to do so. We have begun contacting others involved with disaster relief and are praying about our response. Please pray for us and all the other relief teams that have already begun preparations to help out. Pray that those who help will be able to share the love of Jesus with those affected by the earthquake and that they will be drawn to Him.

If you have any information on anything pertaining to the earthquake and could share it with us, we would greatly appreciate it.

Thanks for your prayers as we pray for the Lord's guidance in this area.
