

Haiti Earthquake Update 2-urgent prayer request

We just found out through our missionaries' daughter's facebook page that Patrick & Barb were in Port Au Prince and are alive. Patrick is trapped in their home, but they are able to get water to him. Barb is in the hospital and has a lot of bleeding. That is all the information that we have at this point.

We are progressing towards taking off to help out in Haiti. We have been working with several ministries and have developed a plan and are trying to gain passage from the Haitian government. Please pray that we would be given access. We can go in without vehicles and supplies without any problem, but we'd like to take them if we can.

We will keep you posted. Again, if you have any information that could help us, please contact us immediately!
