

We're Deploying!

We've contacted several ministries, agencies and churches in the seven counties that have had flooding. We've decided to head out early on Tuesday morning and will be heading to Powder Springs to begin our assessment. We've had several churches offer us a place to stay, including one in Powder Springs. We'll have a floor to sleep on, warm showers, hot food and plenty of water. Oh, I forgot to mention, plenty of ministry!

What we need

To begin with, lots of prayer. I'm in the middle of a Crisis Counseling Training in Dallas, TX with my friends from ACTS. No matter what I've seen, done and been through, I know that what we're about to embark on will be totally different and satan would have us do none of it! We covet your prayers for the ministry, especially as we get ready to head out and leave our families and homes and please keep those we leave at home in your prayers as well. Please continue to pray for all of the people who've been affected by the floods. From what I've heard there are many, many homes that have been totally destroyed, not to mention those who have lost their lives. Keep all of the relief workers in your prayers, many will see and be involved in things that can dramatically effect their lives. Pray that everyone would get the "relief" that they need from the God who loves and cares for them enough to send us into battle.

Join in the fun!!

Come join in the fun!!

From what we can gather there is a lot of work to be done. If you are interested in helping out in any way, please contact us immediately so that we can make arrangements for housing. There are separate accommodations for men and women, all are welcome.

What to bring

We will be bringing our truck and trailer from FL. We will need some supplies and tools, mostly masks, cover suits, gloves and mold killer as well as shovels, wheelbarrows and other hand tools used in debris removal and hauling. If you have any questions on what to bring, please contact us. If you have it, bring it! The nights are cooling off in Atlanta, so dress warm for the night air. You'll need your bedding, toiletries, etc. The work will be messy and wet. Make sure you have a change of work clothes for every day; we don't know what the laundry facilities will be like if any at all in the area. You'll also need to have clothes to lounge around in during the evenings. Bring waterproof boots if you have them and gloves. Don't forget your Bibles and a notebook to journal as we'll be doing daily devotions in the mornings and debriefings in the evenings. We always want to talk about where we saw Jesus during the day!

Final Thoughts

We're Deploying
